Dear Hiring Manager,

I am writing to express my interest in the Summer Student position at Manitoba Hydro. As a Bachelor of Science in Computer Science student at the University of Manitoba, expected to graduate in April 2026, I am eager to apply my knowledge and skills to contribute effectively to your team.

My experience as a Front Desk Representative at Allied Universal (Manitoba Hydro) has provided me with strong communication skills, the ability to interact professionally with staff, vendors, and law enforcement personnel, and the expertise to document security incidents meticulously. Additionally, my leadership role as a Team Leader at the Winnipeg Art Gallery has honed my ability to supervise operations, train new staff, and coordinate security measures efficiently.

Beyond my work experience, I have developed technical skills in programming languages such as C, C++, Python, and JavaScript, and I am proficient in data analytics tools including SQL, Excel, and Power BI. My hands-on project experience, including developing a real-time Chat Application and an NBA relational database, showcases my problem-solving abilities and passion for technology. You can explore my portfolio and projects in more detail at my portfolio website.

I am excited about the opportunity to bring my skills and enthusiasm to Manitoba Hydro. I would welcome the chance to further discuss my qualifications in an interview. Please feel free to contact me at (204)930-6094 or via email at sasharma603@gmail.com.

Sincerely,

Sahil Sharma
